Hai. 🙋

So, macam mana dengan program semalam? Dah berjaya setup akaun kdp sendiri dah?

Saya harap, semua tiada sebarang masalah untuk ikut step seperti yang saya ajar sebelum ini ya. 🤪

Okay, untuk hari ke 2 ini saya nak tunjukkan kepada anda cara paling mudah untuk hasilkan content bagi buku pertama anda. Sebelum ini saya ada tunjukkan potensi buku-buku 'Low Content' yang boleh kita tiruvasi dan secara tidak lansung terbitkan terus di Amazon.

Jadi, hari ini saya nak anda terus terbitkan buku low content ini hari ini jugak.

Boleh? Jom kita mula.

Day 2 - Create 🔧 & Submit 📥

Untuk content bagi buku nota ini sebenarnya tidaklah susah sangat. Sebabnya, kebanyakan penerbit lain yang terbitkan buku nota ni mereka hanya submit content yang sudah 'ready made'.

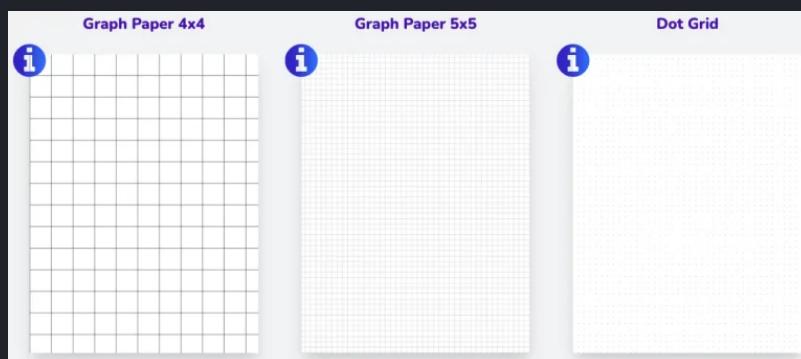

Sebab itu mostly kebanyakan buku-buku low content di Amazon tu, jika anda lihat content mereka adalah seakan sama sahaja.

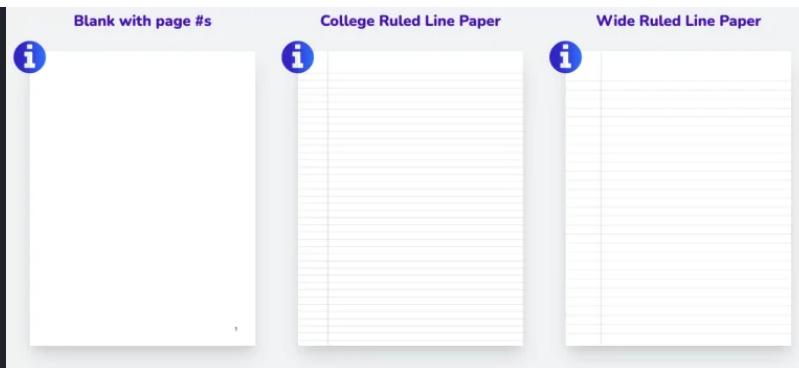

Sebab apa?

Sebab boleh?

Bukan. Sebabnya memang dah ada tersedia banyak template-template yang boleh anda terus submit sebagai buku low content ini.

Jadi, untuk content buku ni anda tak perlu risau fikirkan betapa rumitnya nak design ataupun buat content macam tu. Kerana saya akan berikan secara PERCUMA template low content tersebut.

[Muat turun Template Low Content](#)

Muat turun template diatas ni bagi dapatkan '**ready made**' untuk menerbitkan buku low content ini.

Seterusnya, anda perlu design pula bahagian cover hadapan dan belakang buku low content ini.

Untuk design cover pula, anda boleh design menggunakan apa-apa software pun boleh.

Tetapi, saya juga sudah sediakan template untuk anda design cover buku ini menggunakan software **CANVA**.

Lebih mudah dan menjimatkan masa.

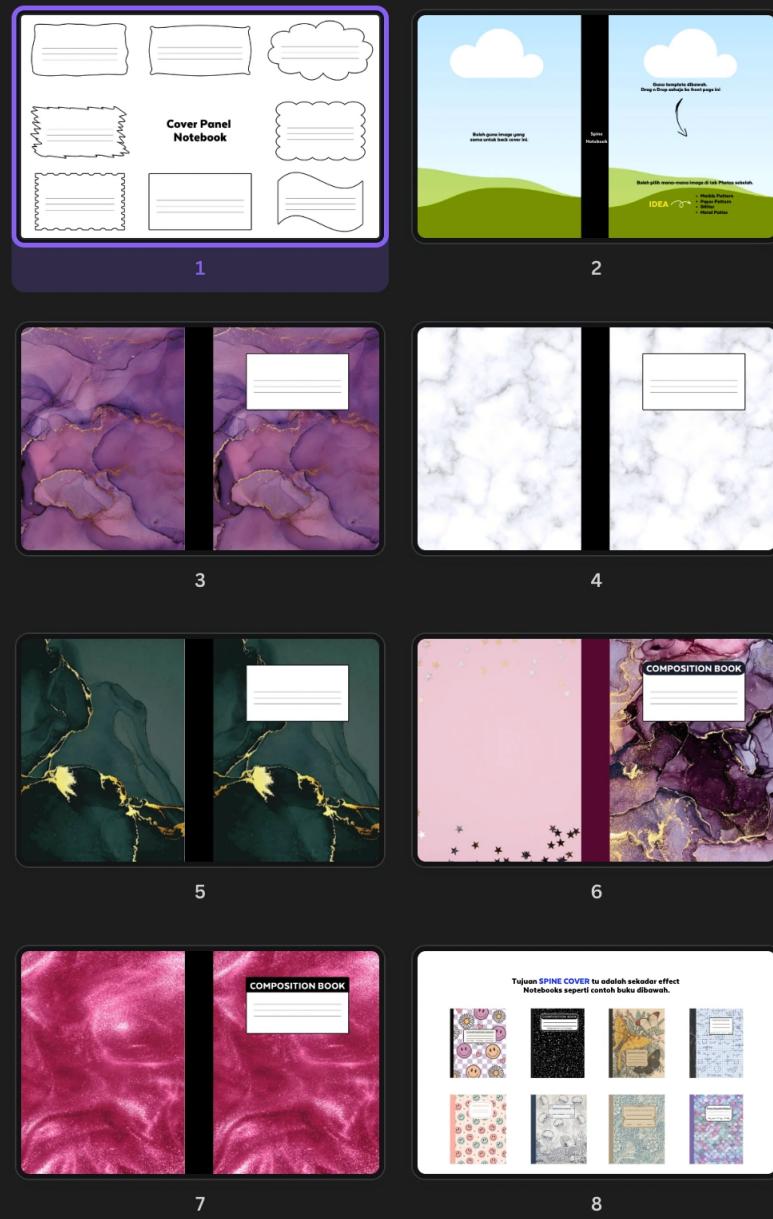

Kerana, untuk design cover buku nota ini kebanyakan tidak memerlukan design yang terlalu 'fancy' ataupun terlalu gempak.

Cukup sekadar design yang kebiasaan buku-buku nota di pasaran.

Design Cover Buku

Menariknya, saya juga akan berikan Template Cover Buku notebook ini secara PERCUMA melalui template link canva. Boleh klik button dibawah untuk edit & designkan cover buku anda sendiri.

Anda akan dibawa terus ke web canva.

[Copy Template Cover Canva](#)

Melalui template diatas, anda boleh ubahsuai dan designkan mengikut citarasa anda sendiri.

Jika anda mahu hasilkan notebook bertemakan apa-apa perayaan/seasonal di USA, boleh research pattern bagaimana sesuai dengan niche yang ingin anda fokuskan.

Sebagai contoh, jika anda mahu fokuskan pada seasonal niche seperti '*Halloween*', anda boleh research pattern bagaimakah sesuai dengan buku nota yang boleh dijual untuk bersempena dengan perayaan *Halloween*.

Idea Untuk Design Cover

Dengan keadaan & suasana industri penerbitan khususnya masih lagi didalam 'demam' **Artificial Intelligent (AI)**, agak rugi jika kita tidak aplikasikan AI untuk hasilkan cover buku.

Adanya bermacam software untuk '*text-to-image*', ini adalah satu peluang yang besar untuk anda hasilkan artwork based on AI bagi digunakan untuk cover buku anda.

Saya ada beberapa idea yang boleh anda aplikasikan dalam penghasilan cover buku ini. Antaranya anda boleh gunakan **MIDJOURNEY** untuk generate image bergambar mengikut niche yang anda mahukan.

Seperti gambar mockup buku diatas, anda boleh agak bagaimana saya hasilkan image seperti diatas.

Caranya adalah, saya gunakan Midjourney untuk hasilkan satu cover buku bertemakan 'haunted' ataupun halloween.

Hasilnya adalah seperti diatas.

A screenshot of a mobile application interface for Midjourney. At the top, there is a message from "Midjourney Bot" with a timestamp "Today at 19:07". The message text is: "Midjourney Bot a fairytale illustration in the style of Minalima Edition::[halloween],[creepy house] in the background --no book, book cover, cover, text, watermark --v 4 --ar 2:3 --uplight - Upscaled by @KimiFZ (fast)". Below the message is a generated image of a dark, gothic-style house with a full moon in the background, surrounded by trees and foliage. At the bottom of the screen are several buttons: "Make Variations", "Vary (Region)", "Light Upscale Redo", "Beta Upscale Redo", a heart icon, and a "Web" icon.

Anda boleh copy 'prompt' yang saya gunakan untuk dapatkan design cover seperti diatas ini menggunakan prompt dibawah.

Prompt

a fairytale illustration in the style of Minalima Edition::[Subject],[Background]
in the background --no book, book cover, cover, text, watermark --v 4 --ar 2:3

Tukarkan **[subject]** itu kepada watak utama ataupun karakter yang anda ingin generate nanti. Manakala, **[background]** pula, anda boleh tukarkan kepada tema yang ingin anda ketengahkan bagi cover buku tersebut.

Sudah jelas cara untuk hasilkan cover?

Okay, content sudah setel. Cover buku pun sudah setel.

Jadi, seterusnya saya nak ajar kepada anda step by step cara bagaimana untuk kita submit buku ini.

Ready? Jom.

Submit Content

Step 1.

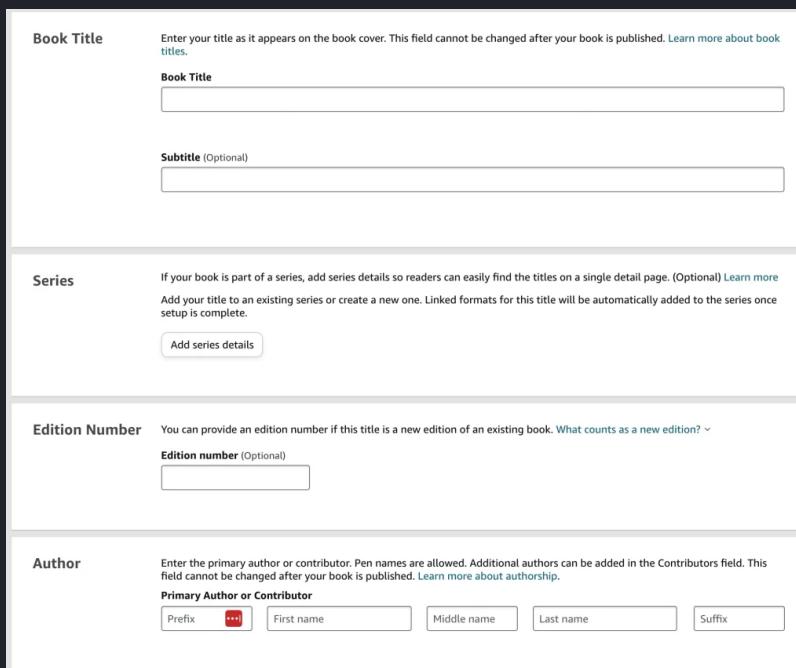

Pergi ke kdp.amazon.com/en_US/bookshelf, dan klik + Create

The screenshot shows the 'Create. Manage. Publish.' interface. At the top, it says 'Create a new title by clicking Create. Or manage your existing titles from your books below.' Below this, there's a section for creating a new title or series. It includes a note about publishing in various formats like eBooks, paperbacks, or hardcovers. A yellow '+ Create' button is prominently displayed. At the bottom of this section, there are links for 'Create a book', 'Book timelines', 'Free ISBNs', and 'Tools and resources'.

...dan pilih **Create Paperback**.

Paperback adalah buku fizikal soft cover. Jadi kita akan pilih paperback untuk terbitkan buku nota kita.

The screenshot shows the 'Create Paperback' form. It has several fields: 'Book Title' (with a note that it cannot be changed after publication), 'Subtitle (Optional)', 'Series' (with a note about adding series details), 'Edition Number' (with a note about what counts as a new edition), and 'Author' (with a note about primary authors and contributors). Each field has its own input box and descriptive text.

Book Title: Untuk title ini, anda perlu asingkan antara title dan subtitle.

Boleh rujuk buku-buku pesaing anda di Amazon dan lihat bagaimana mereka tentukan title dan subtitle buku-buku mereka, kemudian anda tiruvasi dengan ayat anda sendiri.

Sebagai contoh.

Title: Composition Notebook:

Subtitle: Creepy & Horror Halloween Illustration | Journal For College, Students, School, Work, Office | Wide Lined

Series & Edition Number itu hanya optional.

Manakala, **Author** pula anda letakkan apa-apa sahaja nama asalkan bukan nama sebenar anda. Masukkan nama pena yang sesuai dan pastikan bukan nama mana-mana selebriti atau jenama besar.

The screenshot shows the 'Description' section of the Amazon product listing form. It features a rich-text editor with a toolbar for bold, italic, underline, and alignment, along with a 'Format' dropdown and a 'Source' link. A character counter at the bottom right indicates '4000 remaining characters'. Below the editor, there are two radio button options for 'Publishing Rights': 'I own the copyright and I hold necessary publishing rights.' and 'This is a public domain work.' Under 'Primary Audience', there's a question about sexually explicit content, with 'Yes' and 'No' radio buttons. At the bottom, there are dropdown menus for 'Reading age (Optional)' with 'Minimum' and 'Maximum' fields both set to 'Select one'.

Seterusnya, di bahagian Description ini. Anda boleh guna description yang saya berikan dibawah.

Composition Notebook: Creepy & Horror Halloween Illustration | Journal For College, Students, School, Work, Office | Wide Lined

- **100 blank lined white pages;**
- **Perfect sturdy matte softbound cover;**
- **8 x 10 inches dimensions – ideal size for your purse, bag, desk, backpack, school, home, or work;**
- **Can be used as a notebook, journal, diary, or composition book for school or work for vintage botanical lovers;**
- **Perfectly suited for taking notes, writing, organizing, lists, journaling, and brainstorming;**
- **This Notebook is the perfect gift for adults and kids for any gift-giving occasion.**

Tukarkan kepada title anda di permulaan description tu.

Jika anda submit content seperti graph, planner, ataupun meal planner, ubah bullet point ikut kesesuaian buku yang anda akan terbitkan.

Publishing Rights: Tick pada 'I own the copyright....'

Primary Audience: Untuk Sexually Explicit images or Title, **tick pada NO** sahaja.

Reading age tu sekadar Optional & tu tidak perlu pilih.

Disini anda boleh lihat terus berapa royalty/profit yang akan anda dapat untuk jualan setiap buku anda nanti.

Expanded Distribution: Ini **TIDAK WAJIB** untuk tick. Sebabnya, jika anda tick dibahagian ini bermakna anda membenarkan **3rd party** iaitu kedai-kedai buku di luar sana untuk dapatkan buku anda bagi dijual di kedai mereka. Jadi, royalti bagi *Expanded Distribution* ini akan memberikan **KURANG** royalti kepada anda.

Akhir sekali, klik pada '**Publish Your Paperback Book**' untuk submit dan anda perlu menunggu sehingga **72 jam** untuk buku anda siap diterbitkan di Amazon.
